

THE CROWN JEWEL OF OUR FLEET

PLATINUM SERIES

SELF CONTAINED

Our units are all self-contained, not needing water or a sewer connection, they carry their own water and waste holding tanks. Should you choose to run the air-conditioning, just a 15-amp power supply is required, we can even supply the adaptors

MODERN CONTEMPORARY

The Platinum Series is Illuminated by internal and external coloured LED lighting, spacious cubicles, porcelain toilets and urinals, raised designer hand basins, modern decorations, chrome taps, natural flowers, floating wooden floors and body length mirrors, this unit is designed to rival 5-star hotel facilities.

INBUILT STEREO SYSTEM

With an inbuilt stereo system, you can provide your own favourite music to play in our unit's, or why not let us take care of it for you? We can tailor-make a playlist to suit your event so that the mood of your event never stops for a toilet break.

HOUSEKEEPING

To service the Platinum and keep the unit in absolute pristine condition for you and your guests, during the hours of your event we will include an attendant at no extra charge to you.

SAFE, SANITARY AND ODOUR RESISTANT

We have made our trailer mounted toilets easily accessible and safe to use, with slip resistant flooring, hand rails to guide you and steps much closer to the ground than other toilet trailer. To make matters easier we have implemented a modern ventilation system to carry unwanted odours up, out and away

PRICING IS ALL INCLUSIVE

Our quoted prices are all inclusive and are customised individually to suit your event - We are an up front and honest company, you can be assured no hidden charges will surface. We will even conduct a free site inspection to assess the unit's suitability at your event
